I sent you the original letter by special messenger before giving out copies to the newspapers, and those copies were not to be published until the following morning, affording you ample opportunity to answer in the same issue of the papers. But this grievance of yours seems to acceptance or refusal.

"You say: 'Frankly, I have heard of no expressed doubt as to my position, I cannot answer for what the people generally out in the State may think about your position, as so many vicious misrepresentations about the situation here have been sent out to them by some of the newspapers, but I must admit that you are to an extent correct in your statement, for there is not an intelligent man on the ground here who has a doubt about your position who does not believe that you made a deliberate deal with the liquor people whereby you were to deliver 40 Republican votes to delay or defeat the County Unit bill in exchange for enough bolting Democratic votes to unseat two Democratic members of ed States Senate.

"I am surprised, my dear Governor, that a politician so shrewd and astute as you should make such a bold and indefensible proposal. In other words you are willing, if you are given these two more votes in your race for Senator, to permit the General Assembly to take up for consideration this measure which, it was claimed in the campaign, was the keynote in the arch of the Republican platform.

"And yet in your letter to the Anti-Saloon League Committee you charged

that it was the Democratic nominee for Senator who was prostituting this bill to the service of his own interest! You know, of course, as I do, that there is no merit in these contest cases, and that they would not be proseculed for a minute except for the fact that you 'need the votes,' and the liquor people have promised them to you if you will prevent any temperance legislation in this session.

"Whether or not it did me an injustice of your reasoning upon it may be fallacious is not an issue at this time.

Let us deal fairly in this matter. I put a plain, straightforward proposi tion to you. At the risk of repetition let me briefly state it.

"The County Unit bill is one of the most important measures now before the General Assembly. Both parties are committed to its passage. Your letter to me, as well as other irrefutable proof, shows that you are delaying its consideration on account of the contest cases and the Senatorial race.

"You and your allies have charged that I have been using it as a club to aid my candidacy. I propmtly proposed in answer to your charge that we argee to hold in abeyance our Senatorial contest until this bill could pass, and that each of us urge his friends to support it. You dodged it. I again propose it and ask from you a positive

the Governor this week if you will agree. There will then be two more weeks of the session in which the Senatorial race can be resumed, and at least ten days balloting before Mr. McKnight's successor could reach here. Your suggestion, therefore, that I want to wait until then is not well

"You intimate, too, the possibility that my proposition was prompted by the thought that there was some 'disintegration in my ranks' and that I might want time to obtain recruits. No, you are again mistaken, for if such disintegration existed the sooner it culminated the better it would be for me, and the causes of it would be such that a few days' time could not

"I have no such fears. If I should meet defeat I could face it with the same equinimity and calmness with which I would look upon victory, and I would infinitely prefer defeat to a victory that carried the stain upon its title or was purchased at the price of my party's honor and the sacrifice of my own self-respect.

"I do not doubt loyalty of those faithful friends who have stood by me in this contest and "It was openly charged in some of the morning papers of February 13th the tribute of the seductive influences of those denied it; no one has denied it. On # "In conclusion let me say that the opportunity will again be offered you on the assembling of the House, by a motion from the Democratic side, to show whether or not you and your ity of the Democratic members voted party followers have forgotten or bewith him and forty-one Republicans trayed the pledges you made to the people of Kentucky on this question.

District Board of Tobacco Society Meet.

The District Board of the Burley To-baccco Society met at Winchester Tuesday. Delegates from most of the counties were present. Secretary G. A. Brooks reported that up to date six million pounds of the pooled tobacco have been sold and that several deals are now pending.

President Clarence Lebus announced

that he had received a telegram from

a number of buyers saying they would be there to inspect the samples of the pooled tobacco. Several of these buyers represent some of the largest independent factories in the United States. The report of the delegates on the number of acres which have been signed not to raise any tobacco this year shows eighty-two thousand acres pledged, with several of the counties not reported. The total number of acres pledged, it is expected, will reach one hundred thousand, out of about one hundred and fifty thousand acres in Kentucky heretofore cultivated in tobacco. Col. Joel A. RUSSELL MANN;

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by stand-

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of constomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queet's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure yonsumption except in its earlier stages. It will cure very severe obstinate, hang-of, chronic coughs, bronchial nate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore

throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Ben-nett Med. College, Chicago, says of gly-

cerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free bookiet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

New Theries on Dog Tax Law.

Gov. Wilson has a correspondent with tax law and he has written to the Governor making suggestions. He is of the opinion that the tax is a license and gives the dogs the right to kill the sheep. The following is the letter, he name of the author being with-

Waynesburg, Ky., R. F. D. No. 9, eb. 10.—Gov. Willson, Frankfort, -Dear Sir: I take the liberty of addressing you on a matter I consider important for Kentucky. the dog and sheep law, which is very promising in this vicinity at this time, which is fast being depopulated of sheep, the owners being reimbursed from a fund created for that purpose by taxing each dog \$1 per year. Is not a tax a license? In other words, when pay \$1 into this fund for my dog does not amount to a license for him to sill sheep for one year?

In my opinion my dog availed himelf of his privilege and killed my neighbor's sheep. The neighbor got pay for his sheep. My dog had had license all right. So it is a legitimate transaction al round. i am under no obligations to my neighbor & my dog is square on the books with no lawful charge against him. This alright as far as the dog and neighbor is concerned, but do you not think it rather hard on the sheep, leaving them as it does without any protection whatever, and don't you think they will soon be a thing of the past in Ky.? If I am right please place this matter before the Legislature in proper form; so that one of Kentucky's growing industries may be saved from destruction. if I am wrong set me right. Yours, etc.

THE LIVER QUARANTINE

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. ¶In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and blader affections. No well-regulated family should be without this standard remedy. Two sizes, 25c and 75c. All druggists.

One of Paris' Most Progressive In dustries—Important for The Farmers of Bourbon.

The Paris Creamery, located in the Massie Addition, near the Ice Plant, will begin operations on March 3. is hoped and urged that the good people of Paris and County will be present at the creamery on that day, and it is especially urged that every one bring to the Creamery on that day all the good, sweet milk it is possible to procure, to use in the trial test of the Creamery machinery. This is a new industry in Bourbon and should interest every one; in some counties it has already rapidly grown to be a most important business.

The owners of cows are insured certain market and the highest market price for all the good milk that of furnished.

The Paris Creamery will have an ex pert here by Feb. 19, to visit the farmers and explain to them anything they may wish to learn about the operation of the business.

It is again urged that every one who can will please be present on March 3, and they are asked to bring as much milk as they can get. The wives of the farmers, and the ladies who are interested in the Creamery are invited

to be present.
